Aman Shah

aman.s@nyu.edu amanshah.info aman-shah-2062

Education

New York University 2026 -
PhD in Computer Science
- **Advisors:** Rosanna Bellini and Damon McCoy

Tufts University 2022 - 2026
BS in Cognitive and Brain Science + Computer Science
- Summa Cum Laude

Papers & Posters

* *Posters marked with an asterisk*

Carson Powers, **Aman Shah**, Jaron Mink, Daniel Votipka, Ari Schlesinger. *Operationalizing Welcoming in Cybersecurity Communities: How Organizers Try to Shape Culture.* IEEE Security and Privacy. 2027

***Aman Shah**, Veronica Rivera, Daniel Votipka. *Safety Perceptions and Behaviors of Young Adults who use Dating Apps.* Symposium on Usable Privacy and Security. 2026
Best Poster Award.

Serena Leka, **Aman Shah**. *Advancing Idea Management Systems with Topic Modeling: Radical Innovation Patterns in Student-Driven Industry Cases.* Proceedings of the 3rd Cognitive Models and Artificial Intelligence Conference, IEEE. 2025

Matthew Russell, **Aman Shah**, Giles Blaney, Judith Amores, Mary Czerwinski, Robert Jacob. *Neural and Cognitive Impacts of AI: The Influence of Task Subjectivity on Human-LLM Collaboration.* arXiv Preprint. 2025

Matt Russell, Sam Youkeles, Will Xia, Kenny Zheng, **Aman Shah**, Robert Jacob. *Neural Signatures Within and Between Chess Puzzle Solving and Standard Cognitive Tasks for Brain-Computer Interfaces: A Low-Cost Electroencephalography Study.* arXiv Preprint. 2025

Honors & Awards

Best Poster *(Symposium on Usable Privacy and Security, 2026)* Aug 2026

James Schmolze Award for Excellence in Computer Science *(Tufts University)* Feb 2026

Eagle Scout Oct 2021

Research Experience

Research Assistant *Medford, MA, US*
Tufts Security and Privacy Lab Jan 2025 - Aug 2026

Summer Research Intern *Munich, Germany*
LMU Munich Media Informatics Group Jun - Aug 2025
Funding: NSF International Research Experiences for Students

Research Assistant *Copenhagen, Denmark*
Aarhus University Nov 2024 - March 2025

Research Assistant *Medford, MA, US*
Tufts Human-Computer Interaction Lab Jan 2023 - Aug 2024

Workshop Participation

Community Building for Researchers on Generative AI-Facilitated Image-Based Abuse. Aug 2026
SOUPS 2026

GREPSEC VII Workshop. *USENIX 2026.* Aug 2026

Student Consortium. *CHIWORK 2025.* Jun 2025

Cornell, Maryland, Max Planck Pre-Doctoral Research School in CS. Jun 2024

Teaching

Teaching Assistant *Tufts University*
PSY 53: Engineering Psychology Jan - May 2026
PSY 64: Introduction to Linguistics Aug - Dec 2025

Course Assistant *Tufts University*
CS 119: Big Data Jan - May 2025

Service

External Reviewer Oct 2025
CHI 2026

Member-at-Large Oct 2025 - May 2026
Tufts Computer Science Student Council

Industry Experience

Product Management Intern Ipswich, MA, US
EBSCO Information Services Jun - Aug 2024

- Developed a framework for tracking user experience to improve customer retention across 11,000+ accounts.
- Recommended ML-based user satisfaction models to enable data-driven prioritization of future development.
- Synthesized input from 20+ cross-functional stakeholders to define standardized usage metrics and implement tracking frameworks for new AI features.

Software QA Intern Sunnyvale, CA, US
Nokia May - Aug 2023

- Reduced setup time for router testing by 40% by streamlining config of network protocols for the $6B+ IP Networks division.
- Developed config demos that cut onboarding time by 4+ hours, accelerating adoption of a new QA platform.
